A logo with a secret.

Inside the lettering of the new Forme logo there is a hidden handle, created by lowering the vertical shaft of the letter “f” and detaching it from the horizontal one.
An almost secret detail, it’s a symbol that represents the idea of a discreet, exclusive design, which is revealed little by little. Attentive to what it displays as well as what it hides.

forme

“ The logo is the first building block of change.
We wanted to tie ourselves to the past with the use of a lighter lower case lettering, but also firmly distinguish the new path of the brand, with additional details and added personality. „

OSMO

Un logo da scoprire.

*All’interno del lettering del nuovo logo Forme è presente una maniglia nascosta, creata abbassando l’asta verticale della lettera “f” e staccandola da quella orizzontale.
Un dettaglio quasi segreto, un simbolo che rappresenta l’idea di un design discreto, esclusivo, che si svela poco a poco, attento a ciò che mostra così come a ciò che nasconde.*

“Il logo è il primo mattoncino del cambiamento. Volevamo legarci al passato con l’utilizzo di un lettering minuscolo più leggero ma con l’aggiunta di un dettaglio che conferisce personalità e contraddistingue il nuovo percorso del brand”. OSMO

All aspects of our DNA.

01. Endless Research.

Someone once said talent is 1% inspiration and 99% sweat. The sweat of those who study, develop, experiment with and love research in its purest form. It is what unites knowledge, seeks to always find meaning and create beauty through nourishing ideas.

02. The courage of ideas.

To innovate means to dare. Not just tolerating risk but celebrating it - investing time and resources into an idea and walking unexplored paths without knowing the destination. We believe in the curiosity to discover, day by day, what lies beyond the horizon.

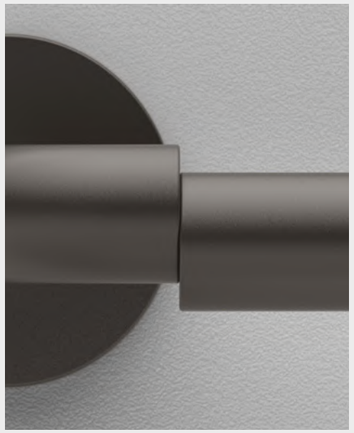

03. Achieving true quality.

We are Italians who have been making handles entirely within Italy for 70 years. But this is not enough to guarantee the quality of a product. True quality comes through a way of being, thinking and acting. It is worth more than any certification or length of history.

04. Ongoing experimentation.

Try, make mistakes, improve and try again. The success of a project arises from a process of continuous experimentation where the error is part of the journey. A wrong step can sometimes put you on the right course to create something truly unique.

01. Ricerca infinita.
Come diceva qualcuno, il talento è 1% ispirazione e 99% sudore. Il sudore di chi studia, approfondisce, sperimenta e ama la ricerca nella sua veste più pura. Quella che unisce i saperi, che indaga il senso delle cose, che si nutre di bellezza.

02. Il coraggio delle idee.
Innovare significa osare. Accettare un rischio. Investire tempo e risorse in un'idea e percorrere sentieri inesplorati senza conoscere la destinazione. La curiosità di scoprire, giorno per giorno, cosa c'è dietro l'orizzonte.

03. La qualità non basta.
Siamo italiani, realizziamo maniglie da 70 anni e la produzione è interamente made in Italy. Ma questo non basta per garantire la qualità di un prodotto. Perché la vera qualità è un modo di essere, pensare, agire, e vale più di qualsiasi certificazione.

04. Sperimentazione continua.
Provare, sbagliare, migliorare e riprovare. Il successo di un progetto nasce da un processo di sperimentazione continua dove l'errore fa parte del gioco. Una strada sbagliata può essere a volte la giusta rotta per creare davvero qualcosa di unico.

05. Lateral thinking.

Nothing is created and nothing is destroyed. But everything is transformed, as long as you change your point of view. In a world where everything has already been seen and experienced, it is our unprecedented perspective that really can make the difference.

06. Return to design.

Today that the word design has almost lost its meaning, we find its essence by returning to its roots. In the collaboration with designers of different cultures and visions, in the continuous contamination, in the fusion of experiences.

07. Sustainable action.

We believe in a sustainable future and that comes through committed action, day after day. Doing, not just being. We are lucky enough to work in a valley surrounded by greenery and we know how important it is to safeguard the beautiful planet that hosts us.

05. Pensare laterale.
Nulla si crea e nulla si distrugge ma tutto si trasforma: a patto di cambiare punto di vista. In un mondo dove tutto è stato già fatto, visto, masticato, è il nostro sguardo personale e la nostra inedita prospettiva a fare davvero la differenza.

06. Ritorno al design.
Oggi che la parola design ha quasi perso di significato, ne ritroviamo il senso tornando alla sua radice. Nella collaborazione con designer di culture e visioni diverse, nella contaminazione continua, nella fusione di esperienze.

07. Fare sostenibile.
Crediamo in un futuro sostenibile che diventa azione concreta, giorno dopo giorno. Fare, più di essere. Abbiamo la fortuna di lavorare in una valle immersa nel verde e sappiamo quanto sia bello e importante salvaguardare il pianeta che ci ospita.

Choosing the ideal finish.

Forme handles are crafted in brass and zamak — an alloy composed of zinc, aluminium, magnesium and copper — and in aluminium. In addition to traditional finishes and special materials, eco-friendly finishes are also available, designed to add sustainable value to your projects and encourage an increasingly green production.
All handles are presented in the catalogue in at least four finishes, chosen ad hoc. Finishes on request are available for large quantities across all product families in the collection.

Tutte le maniglie sono presentate a catalogo in almeno 4 finiture scelte ad hoc. Finiture su richiesta sono disponibili per grandi quantitativi per tutte le famiglie di prodotti della collezione.
